

## **Global Energy Education TV Thought Leader Internet TV Series** ***Sponsored Interview Opportunity***

**TVWorldwide**, in cooperation with its Internet TV Channel, **Global Energy Education TV** produces the “Global Energy Education TV Thought Leader Series” Internet TV program series featuring thought leaders from throughout the Energy and Power Grid sectors. Launched in 2024, with an pilot interview featuring former **Tim Echols, Commissioner, Vice Chairman on the Georgia Public Service Commission**, the “Global Energy Education TV Thought Leader Series” has gained traction among Energy and Power Grid sector professionals interested in incisive trend analysis and energy education. Global Energy Education TV Series is produced and anchored from TV Worldwide Studios near Washington, D.C.

The Thought Leader Series has since continued to include an **Interview with Professor Rusty Towell of Abilene Christian University on ACU’s Nuclear Energy eXperimental Testing (NEXT) Reactor** and an **interview with Ed Ireland of Texas Christian University on the Free Market Aspect of ERCOT (Electric Reliability Council of Texas)** , generating thousands of views for each interview in the process.

This Sponsored Interview Package associated with this Thought Leaders Series outlines an opportunity for your organization to pre-record a professional video interview highlighting representatives of your organization to be featured alongside the Thought Leader Series interview. In addition, your organization will receive an HD digital video file of the interview presentation for your own unlimited use.
